The Impact of The Leadership Challenge

Over its 35-year history, *The Leadership Challenge* has sold over two million copies and has been translated into 12 languages.

The LPI is one of the most widely used leadership assessment instruments in the world.

The LPI (Leadership Practices Inventory)

- **Grounded in Solid Research**

Backed by 35 years of original research and data from millions of leaders around the world.

- **For Leaders at All Levels**

From new managers to senior executives—no matter where they are in their leadership development journey—360-degree feedback is a valuable gift.

- **Leadership is Everyone's Business**

Renowned for approaching leadership as a measurable, learnable, and teachable set of behaviours.

- **Realistic**

Focuses on the toughest organizational challenges leaders face today

- **Successful**

The LPI is used by more than 3 million people worldwide

- **Versatile**

The Leadership Challenge appeals to all leaders in all sectors (financial services, healthcare, government, non-profit and commercial)

ATTENDEE PROFILE :

Executive coaches and independent HR professionals, HR consultants and management consultants who act as external consultants and want to:

- ◆ Develop their leadership coaching capabilities
- ◆ Benefit from highly effective leadership and culture change process
- ◆ Leverage the most famous leadership assessment 'Leadership Practice Inventory 360' to promote their services

Organizational HRD professionals who want to expand the coaching programs in their organization or want to be an internal coach themselves.

Business executives who want to coach and develop their direct reports to accelerate their leadership growth using an effective and proven process.

Business mentors who want to develop others inside and outside their organizations.

The Philosophy

The Leadership Challenge is about how leaders mobilize others to want to get extraordinary things done. It's about the practices leaders use to transform values into actions, visions into realities, obstacles into innovations, separateness into solidarity, and risks into rewards. It's about a climate in which people turn challenging opportunities into remarkable successes.

The Opportunity

Motivate invites you to be a part of a small, carefully selected group of participants charged with learning the Leadership Challenge in GCC. We are holding an exclusive training event with a limited number of seats where our proven Master Facilitator will train you on the principles of *The Leadership Challenge* and its seminal 360 degree assessment tool, the Leadership Practices Inventory .

Motivate, a dynamic Learning & Development Solutions provider, is committed to developing quality leadership within the GCC region.

Motivate is equipped with a team of experienced professionals in GCC to support your leadership development efforts with ongoing training, coaching and a full range of training and development tools that will ensure you receive what is needed to achieve your leadership goals. This program has been a proven success across the world and now is the right time for you to enhance your leadership skills and drive success within your organization.

The Outcome

THE LEADERSHIP CHALLENGE® WORKSHOP— DAY 1 & 2

This session is open to participants who want to enhance and build their Leadership skills. Preceded by the renowned Leadership Practices 360° Assessment, this program will empower the participants on the Five practices of Exemplary Leadership.

Become a more effective and influential leader by applying what you learn to:

- Communicate fundamental values and beliefs.
- Focus people's efforts on key values through their own actions.
- Build collaboration, teamwork, and trust.
- Strengthen others' abilities to excel.
- Inspire others to share a common vision.
- Recognize the accomplishments of others.

Achieve extraordinary results in your organization and role by:

- Creating higher performing teams
- Generating increased sales and satisfaction levels
- Fostering renewed loyalty and organizational commitment
- Enhancing motivation and the willingness to work hard
- Increasing retention, reducing absenteeism and turnover
